Attendance Policy

FICTIONAL COLLEGE. EVERY RULE HERE IS INVENTED FOR A SOFTWARE DEMO.

Minimum attendance

A student must have at least 85 percent attendance in each course to be eligible to write the semester end examination (SEE) in that course.

Condonation between 75 and 85 percent

If attendance is between 75 and 85 percent because of illness, the student may apply for condonation. A medical certificate must be submitted to the class advisor within 7 days of returning to college. Condonation is approved by the Head of Department, and at most 10 percent can be condoned.

Below 75 percent

A student with less than 75 percent attendance in a course is not eligible for the SEE in that course and must re-register for the course in the next semester it is offered.

On duty (OD)

Time spent representing the college in events, sports or hackathons counts as present, provided the faculty coordinator approves the OD request before the event.

Checking your attendance

Attendance for every course is shown on the student portal and is updated every Friday. Report any mistake to the course teacher within one week.
